In June the National Association for the Education of Young Children (NAEYC) held their annual National Institute for Professional Development at the Baltimore Convention Center.

During the Institute, NAEYC unveiled a new two year initiative – Power to the Profession. The initiative is designed to be a national collaboration that will define the early childhood profession by establishing a unifying framework for career pathways, knowledge and competencies, qualifications, standards and compensation. The goal is to unify the entire profession and develop a comprehensive policy and financing strategy that will be systematically adopted and implemented.

NAEYC acknowledges that the timing for the initiative grew out of the 2015 report from The Institute of Medicine and National Research Council, Transforming the Workforce for Children Birth Through Age 8: A Unifying Foundation, which highlighted the urgent and critical need for a collective effort to address the fragmented early childhood workforce. NAEYC maintains that in order to preserve and build investments in early childhood education policymakers and the public need to understand what they are paying for and why.

What is particularly exciting and hopeful about NAEYC’s Power to the Profession is that it is an all-in initiative. NAEYC has stated that they need everyone’s perspective and voice to be heard in this conversation and that the voices of those in the profession must be front and center. To get involved visit http://www.naeyc.org/profession to sign up for updates that will include opportunities to be part of the conversation. All are also invited to send an email to p2p@naeyc.org.

We often complain about the lack of support, unity and respect for the early childhood profession. Here is the opportunity to become engaged in a positive process that has great potential to effect change. Go to NAEYC’s website today and become part of the Power to the Profession movement.

If you are not a member of NAEYC, now would be the perfect time to join! Founded in 1926 NAEYC is the foremost professional association for the early childhood field.
Secondhand Smoke Training Class

Childcare providers can help protect children and support families in reducing second-hand smoke (SHS) exposure by learning more about it.

Baltimore City Health Department community health educators are providing an MSDE approved Core of Knowledge workshop on the dangers of secondhand smoke. Additionally, staff from the Health Department can come and educate the children on the dangers of secondhand smoke for free. BCCCRC is pleased to host this training class in October. See page 5 for details.

Secondhand smoke refers to the pollutants released into the air by smokers’ exhalations and the burning end of a cigarette, e-cigarette, pipe or cigar and hookah. Cigarettes are bad for your health and they’re blamed for one in five deaths in the United States. Most people understand that cigarettes contain chemicals. What they might not understand is what happens when those chemicals are burned and others breathe it in through the smoke in the air. With this class you can learn how to protect our very young children, who are at an increased risk for serious problems due to secondhand smoke.

Reminder…. MSDE/OCC Required Training

The following classes are required by MSDE:
Office of Child Care:

• All registered family child care providers will need to complete: Medication Administration
• All licensed child care center staff and registered family child care providers will need to complete the following classes: Including All Children and the Americans with Disabilities Act On Track: All Aboard for Developmental Progress Overview
• All licensed child care center staff and registered family child care providers who care for infants in their programs will need to complete: Supporting Breast Feeding in Child Care

All classes will be offered multiple times throughout the fall and early winter. Check the calendar pages for dates and times.

LOCATE Child Care

Baltimore City Child Care Coalition UNITED WE CAN MAKE A DIFFERENCE!”

In 2015 the Baltimore City Child Care Coalition was founded with the purpose to establish a cohesive partnership to communicate our concerns and develop solutions between the Maryland State Department of Education (MSDE), Child Care Subsidy Program-Purchase of Care Program (POC) and Neighborhood Child Care Centers and Family Child Care Homes in Baltimore City. The founding members of the Coalition were greatly affected by the changes in regulations, child care subsidy, and QRIS standards and that took place without the input from those in the early care and education professionals and felt that a call to action was needed to bring professionals together to be proactive advocates for our profession.

The four principle goals of the coalition are to:
• Unify Baltimore City Child Care Providers and Associations
• Develop a Clearinghouse of information within our child care industry
• Represent Neighborhood Child Care Centers
• Form an alliance with corresponding government agencies

Our monthly meetings are held every fourth Wednesday at noon. Meetings are held at Parks and People, 2100 Liberty Heights Avenue, Baltimore, MD 21217. Our email address is baltimorechildcarecoalition@gmail.com. The coalition will be hosting “Cafes” starting this fall around the city to unite city providers. Information will be distributed in August.

It is our hope and desire to build a strong Coalition with broad representation from child care centers and child care homes throughout the city. We must come together and make our voices heard so we are part of the decision making process when changes are made that have great impact on our programs.

LOCATE COMPLAINT POLICY

Through the LOCATE service, parents share feedback with the LOCATE staff on the programs in the files: licensed child care centers, registered family child care providers and accredited preschools and camps. While this feedback is at times positive, it sometimes concerns complaints parents have about child caregivers. Of course, LOCATE and the Maryland Child Care Resource Network want to use this information in a way that is fair to providers and parents, while protecting children, as well.

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for Children Board in November, 1983. According to this policy, all complaints made to LOCATE about child care providers/facilities are recorded. The type of complaint is then determined:

Less Serious Complaint – No Violation: complaints which do not involve violations of child care regulations; complaints about situations which do not pose a threat to the safety, health or welfare of a child. Less Serious Complaint Involving Violation: complaints of any violation of Office of Child Care (OCC), Maryland State Department of Education (MSDE) regulations, and/or the Health Department which do not pose a threat to the health, safety or welfare of a child.

Serious Complaint: any threat to the immediate health, safety, or welfare of a child. When a parent calls LOCATE with a complaint, the referral specialist advises him/her to register the complaint directly with the appropriate regulatory agency and/or Protective Services. Names and telephone numbers of the person with whom the parent should speak are provided.

When a Serious Complaint is received concerning one of the providers of facilities in the LOCATE system, no referrals are made by the referral specialists to that provider/facility. The LOCATE Director also communicates with the appropriate regulatory agency personnel about the complaint, and maintains the “hold” on the provider/facility until the agency’s disposition of the complaint is known. Should the investigation result in no action, the “hold” status is removed from that provider/facility’s records. Should the license or registration be revoked, the record is removed from the LOCATE files. Providers are advised of LOCATE’s actions in writing.

A provider may appeal the LOCATE Director’s decision to cease referrals. Appeals are first addressed to the LOCATE Advisory Committee. Final appeals may be made to the board of the Maryland Family Network.

It is the position of LOCATE and MFN that the Complaint Policy is both fair and workable. Safeguards and due process are afforded to the care givers in the files, and parents’ and children’s rights to safety are addressed, as well. Any questions on this policy should be addressed to FloJean Speck, Director, LOCATE: Child Care at 410-659-7701.

Beyond Management: How to Become an Effective Leader
As the manager of a child care program there are important day-to-day operations that you must attend to in order to keep the program running. Just as important though is your ability to be an effective leader for the staff that work in your program as well as a leader in the early care and education program. In this workshop we will examine leadership qualities and discuss effective strategies to move beyond just being a manager.

Topic: 3 hours Professionalism
Date: Wednesday, November 30
Time: 6:15 pm – 9:15 pm
Fee: $20; Must pre-register

Important Registration Policies

When registering for training classes at BCCCRC please remember the following:

- Pre-registration is required. Registration and payment must be received three days in advance of the training.
- Registration fees are non-refundable. With 24-hour prior notice you may transfer to another class or receive a credit for a future training class, except for Medication Administration, 45-hour class and 90-hour class.
- Registration is on a first come, first served basis. If your registration is received after a workshop has reached capacity you will be notified immediately and your payment will be returned.
- A confirmation letter will be sent for all classes — please read your letter carefully. You will not receive reminder cards for each class.
- Payment can be made by check, money order or credit card. No cash please.
- Presence at the entire workshop constitutes attendance. Out of respect for our trainers and all of those in attendance, no one will be admitted to a training session that has been in progress for fifteen minutes or more.
- Workshops are for adults only. Please make child care arrangements in advance — children will not be admitted to a training class.
- Reasonable accommodations are offered, if needed. Please call the Resource Center one week in advance to request accommodations.
- In case of inclement weather, workshops held on a weeknight will be cancelled if the Baltimore County Public Schools are closed on that day. On weekends, call the Resource Center and listen to the message regarding Saturday classes.

TO REGISTER FOR CLASSES:

- Complete a registration form and keep a copy for your records. Only those registrations received on a registration form will be accepted.
- Mail or deliver the completed form and payment to BCCCRC.
- Register with a credit card online at www.bcccrc.org.
- Remember — registrations must be received at BCCCRC three days prior to the scheduled training.
